## **DETAILED ACTION**

### ***Drawings***

1. In order to avoid abandonment, the drawing informalities noted in the paper mailed on 10 June 2004, must now be corrected. Correction can only be effected in the manner set forth in the above noted paper.

Please note that reference item 41 is still not shown in the drawings as filed, either originally with this application or with the applicant's response mailed 06 July 2004. There may be some confusion as the applicant provided revised, formal drawings for the parent case (10/006,556) that include the above reference item. These formal drawings are not in the present application. It is suggested that the applicant submit a clean copy of the formal drawings from the parent case to be the formal drawings for this application.

### ***Allowable Subject Matter***

2. Claims 1-13 are allowed.
